

MYSQL

The screenshot shows a MySQL IDE interface. On the left is a 'Navigator' pane with a 'SCHEMAS' section. It contains a search bar 'Filter objects' and a tree view of databases: 'cinema_database', 'ducks', 'library' (expanded), 'movielens', 'movies', 'pizzeria', and 'sakila'. Under 'library', there are sub-items for 'Tables' (containing 'book'), 'Views', 'Stored Procedures', and 'Functions'. Below the tree are tabs for 'Administration' and 'Schemas', and an 'Information' section that says 'No object selected'.

The main area is titled 'SQL File 3*' and contains a SQL query:

```
1 • DROP TABLE book;
2 • USE library;
3 • SELECT * FROM book;
```

Below the query is a 'Result Grid' showing the results of the query. It has a toolbar with icons for filtering, editing, and exporting. The grid displays 16 rows of data with columns: id, category, first_name, isbn, last_name, and title. The last row is highlighted in blue and shows NULL values for all columns.

	id	category	first_name	isbn	last_name	title
	46	SAG	Victor	978-1853260858	Hugo	Les Miserables
